**BENEFITS**

Benefits of Orthodontics: Aesthetics, Health, and Function. Orthodontics is a service that provides an improvement in the appearance of the teeth, in the general function of the teeth, and in general dental health. Teeth, gums, and jaws are an intricate body part and can fail to respond to treatment. If good oral hygiene is not practiced, tooth decay and enlarged gums can result. Joint discomfort and root shortening are observed in a small percentage of cases. Teeth change throughout our lifetime and there can be some movement of teeth and some change after treatment. I have read and understand this paragraph. I also understand that my diagnostic records and my name may be used for educational and promotional purposes. I have truthfully answered all the above questions and agree to inform this office of any changes in my medical or dental history. In addition, I authorize Dr. \_\_\_\_\_ to perform a complete orthodontic evaluation.

### TYPICAL USES AND DISCLOSURES OF HEALTH INFORMATION

We will keep your health information confidential, using it only for the following purposes:

**Treatment:** We may use your health information to provide you with our professional services. We have established "minimum necessary or need to know" standards that limit various staff members' access to your health information according to their primary job functions. Everyone on our staff is required to sign a confidentiality statement.

**Disclosure:** We may disclose and/or share your healthcare information with other health care professionals who provide treatment and/or service to you. These professionals will have a privacy and confidentiality policy like this one. Health information about you may also be disclosed to your family, friends and/or other persons you choose to involve in your care, only if you agree that we may do so.

**Payment:** We may use and disclose your health information to seek payment for services we provide to you. This disclosure involves our business office staff and may include insurance organizations or other businesses that may become involved in the process of mailing statements and/or collecting unpaid balances.

**Emergencies:** We may use or disclose your health information to notify, or assist in the notification of a family member or anyone responsible for your care, in case of any emergency involving your care, your location, your general condition or death. If at all possible we will provide you with an opportunity to object to this use or disclosure. Under emergency conditions or if you are incapacitated we will use our professional judgment to disclose only that information directly relevant to your care. We will also use our professional judgment to make reasonable inferences of your best interest by allowing someone to pick up filled prescriptions, x-rays or other similar forms of health information and/or supplies unless you have advised us otherwise.

**Healthcare Operations:** We will use and disclose your health information to keep our practice operable. Examples of personnel who may have access to this information include, but are not limited to, our medical records staff, outside health or management reviewers and individuals performing similar activities.

**Required by Law:** We may use or disclose your health information when we are required to do so by law. (Court or administrative orders, subpoena, discovery request or other lawful process.) We will use and disclose your information when requested by national security, intelligence and other State and Federal officials and/or if you are an inmate or otherwise under the custody of law enforcement.

**Abuse or Neglect:** We may disclose your health information to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or the possible victim of other crimes. This information will be disclosed only to the extent necessary to prevent a serious threat to your health or safety or that of others.

**Public Health Responsibilities:** We will disclose your health care information to report problems with products, reactions to medications, product recalls, disease/infection exposure and to prevent and control disease, injury and/or disability.

**Marketing Health-Related Services:** We will not use your health information for marketing purposes unless we have your

**Non-routine Disclosures:** You have the right to receive a list of non-routine disclosures we have made of your health care information. (When we make a routine disclosure of your information to a professional for treatment and/or payment purposes, we do not keep a record of routine disclosures: therefore these are not available.) You have the right to a list of instances in which we, or our business associates, disclosed information for reasons *other than* treatment, payment or healthcare operations. You can request non-routine disclosures going back 6 years starting on April 14, 2003. Information prior to that date would not have to be released. *(Example: If you request information on May 15, 2004, the disclosure period would start on April 14, 2003 up to May 15, 2004.
